

play equipment      **Maxi carousel (3,00 m)**  
item number        **043500000**

**product description**      (page 1)

Rotating base and structure: profiled stainless sheet steel / stainless steel / HPL panel (20 mm thickness)

Surrounding balustrades from perforated stainless steel, 2,5 mm thickness

Roof: stainless sheet steel 0,75 mm/1,5 mm

Roller bearing: tamper-proof and dirt-protected

The disc is anchored by means of a ring-shaped flange for concrete-cast embedding.

Please note:

The soil characteristics of the impact area surrounding the equipment must have an appropriate level of shock absorption corresponding to a free height of fall of at least 600 mm (according to EN 1176-5).

Upon request, the ring-shaped ground anchorage can be delivered in advance to facilitate foundation works in good time and to ensure a proper concrete setting before installation of bearing and disc.

If an advanced delivery is favoured, please give us a brief feedback and the delivery address when placing the order.
