

play equipment

Tunnel slide 30°/36°

item number

941000030**product description** (page 1)

Sliding segments made of stainless steel, welded to a two-part slide for transport reasons, including flange connection at the point of separation for easy assembly by screwing on site.

Including support post from stainless steel tube Ø 120 x 3 mm, stainless steel fastening flange.

Slide installation either on a strip footing or another appropriate surface (wooden platform or planking) to be determined on site.

Course: curved to the right 40°

For your planning, due to a possible sliding surface heating, please see to a north-east orientation of the slides or provide half-shade of trees.
