Platform incl. water pump with handle

item number

033150502**product description** (page 1)Posts

Posts made from stainless steel tubes Ø 120 x 3 mm covered by non-detachable protective stainless steel caps. Upper ends of posts level with platforms are covered by welded-on circular blanks made from stainless steel.

Platform

Platform made of boards, 30 mm thick and surrounding squared timber beams 45 x 100 mm. The dried sawn timber from Robinia is planed, chamfered and free from rotting branches. Non-positive floor mounting by special stainless steel brackets with a continuous bolt connection. Pump platform additionally with profiled stainless steel plate.

Water pump article no. 0-33130-001

Suction pipe connection 1 ¼ inch (pipe diameter min. ¾ inch), welded stainless steel construction, encapsulated pump housing, pump mechanism with roller and plain bearings, upper pump housing with swivel must be removed, e.g. during frost periods, sealing cover ("winter plate") for the remaining lower part of the pump is supplied.

Metal components:

Stainless steel.

The robinia wood is provided with a water-repellent, breathable protective coating. In addition to protecting against moisture, this treatment reduces cracking. The modular add-on parts transfer their forces directly to the uprights via a special adapter attachment. The screw connections are secured against unauthorised loosening by means of cover caps.

Please note:

When connecting the water pump to a pressurized water pipe, the K&K valve combination (Art.No. 0-33190-000 or 0-33195-000) is required.

If the water supply (timer or similar) is intended to be interrupted temporarily, a vacuum will build up in the pipe system when the pump is actuated again, which will cause the pump handle to return.

It is therefore absolutely necessary to prevent the pump handle from being actuated (for example by using the pump lock, article number 1040639).

In addition, please note the basic data given in the assembly instructions (distances, diameters of the cables etc.);
