## Instructions for maintenance

In addition to the manufacturer-related service instructions, we strongly advise the operator/owner to consider the corresponding prescriptions of the European Standard EN1176-7.

## 025350700 Play structure

One-time maintenance

(exemplary colour illustration)

Check all screw connections; retighten, if necessary. Cover the screws with protective screw caps.

once, approx. 4-5 weeks after installation

£

	Recommended regular inspection and maintenance	once a week	twice per mon	once a month	four times a year	twice a year	once a year
$\sum$	Check cleanliness of playing and safety area. Remove any foreign object						
	Check chain at the bottom end of the climbing rope for wear, replace if necessary. The nominal chain thickness must not diminish more than 30% (< 3 mm). Beyond that limit, a chain replacement is indispensable.						
	Check cleanliness of sliding surfaces, remove protruding parts, exchange damaged sliding course coverings						
	In case of drying cracks, remove splinters of wood and chamfer sharp edges						
	Where appropriate, check synthetic surfacing material for damages or severe wear, repair or replace, if necessary						
	Check tightness of stand construction: stability of (vertical) posts or supports, retighten screw connections, if necessary.						
$\sum$	Check further structural components for wear and tightness; retighten, if necessary and replace defective parts.						
	Check tightness/stability of the connection between stainless steel support and laminated timber post, replace post, if necessary.						
$\sum$	Check whirligig for smooth running, signs of corrosion or other wear, tightness of the screws, replace, if necessary.						
	Check foundations and structural construction for corrosion or decay, repair or replace if necessary						

Please note: The above-mentioned maintenance intervals only have recommendatory character. They must necessarily be adapted to the local circumstances of each playground (frequency of use, social setting, risk and frequency of vandalism etc.).
