### Recommendations about regular maintenance

Check tightness of stand construction (stability of vertical posts or supports), retighten screw connections, if necessary

1 x weekly

2 x monthly

1 x monthly

4 x yearly

2 x yearly

1 x yearly

In case of drying cracks, remove splinters of wood and chamfer sharp edges

**All timber items in this product were treated with a wood preservative which wears over the time, due to use and weather influences. Therefore, we recommend a protection renewal every year up to every two years. Prepare the wooden elements with appropriate abrasive material and apply a new wood preservative (for instance SAICOS Haus & Gartenfarbe - available from us\*).**
