

Instructions for maintenance

In addition to the manufacturer-related service instructions, we strongly advise the operator/owner to consider the corresponding prescriptions of the European Standard EN1176-7.

One-time maintenance

(exemplary colour illustration)

Check all screw connections; retighten, if necessary. Cover the screws with protective screw caps.

once,
approx. 4-5 weeks after installation

Recommended regular inspection and maintenance		once a week	twice per month	once a month	four times a year	twice a year	once a year
	Check cleanliness of playing and safety area. Remove any foreign object						
	Check other component elements for wear and tight connections, tighten connections and replace defective elements if necessary						
	Clean playsand/playbark						
	In case of dry shakes remove splinters and brake chamfer edges						
	Check foundations and structural construction for corrosion or decay, repair or replace if necessary						

Please note: The above-mentioned maintenance intervals only have recommendatory character. They must necessarily be adapted to the local circumstances of each playground (frequency of use, social setting, risk and frequency of vandalism etc.).
